The SmartSAT learning workflow

- 01 **Diagnose**
Find a starting point and weak concepts.
- 02 **Practise**
Take mock exams and review missed items.
- 03 **Understand**
Discuss mistakes with AI explanations.
- 04 **Re-test**
Check understanding with related questions.
- 05 **Track**
Review progress and choose the next task.

A free diagnostic before registration

16 questions

Reading & Writing and Math
at real SAT pace.

20-minute diagnostic

Start without an account.
Register to open your report.

Short on time? Stop after six answers.
A shorter test gives a wider estimated range.

Where would you score on the SAT today?

Twenty minutes at real SAT pace and you walk away knowing
your score band and the two or three things holding it down.

20 minutes
16 questions across Reading & Writing and Math, timed at real
SAT pace — not a speed test.

No sign-up
Nothing to fill in before you start. A free account is what opens
your report at the end.

Your SAT band
Where you land today, plus the concepts to fix first.

Digital SAT mock exams

Practise Reading & Writing and Math in the Digital SAT format.

A useful report after the test

Review score estimates, performance and missed concepts before the next session.

SmartSAT is an independent preparation service.
